MyCozyNest Laying nest

Wall fixing laying nest made from high impact UV resistant polypropylene plastic. Curtain reduces light ingress and encourages all day laying. Domed top to prevent roosting on top. Suitable for up to 5 birds.

34748

MyCozyNest

Plastic poultry SMART drinker | 12L

The SMART poultry drinker is the ideal solution for an optimal water supply for your poultry. With a generous capacity of 12 litres, it offers enough space for up to 7 chickens at the same time.

Made from high-quality, UV-resistant plastic, it is extremely robust and durable. Additionally, a rain cover protects the drinking water from contaminants such as wild bird droppings and keeps the water cool.

Automatic door opener for Chick'A coops

This automatic door opener operates either on a timer or with a light sensor. You can opt for default mode which uses a light sensor to detect ambient light level or you can program opening and closing using the timer.

The door must be installed vertically and operates via 2 x AA alkaline batteries or a 5V DC adaptor (not included).

- Battery economy mode: screen goes off after 120 seconds
- Ideal for smaller standard size hens
- Waterproof and reliable even in extreme weather conditions
- Solar operation possible
