MyCozyNest Laying nest

Wall fixing laying nest made from high impact UV resistant polypropylene plastic. Curtain reduces light ingress and encourages all day laying. Domed top to prevent roosting on top. Suitable for up to 5 birds.

Part no.	Description
34748	MyCozyNest

Plastic poultry SMART drinker | 12 L

The SMART poultry drinker is the ideal solution for an optimal water supply for your poultry. With a generous capacity of 12 litres, it offers enough space for up to 7 chickens at the same time.

Made from high-quality, UV-resistant plastic, it is extremely robust and durable. Additionally, a rain cover protects the drinking water from contaminants such as wild bird droppings and keeps the water cool.

Part no.	Description
34800	Plastic poultry SMART drinker 12L

Ascot feeder | 3 kg

The Ascot feeder is the perfect small feeder. It is incredibly robust and features a simple twist and lock design allowing for easy filling and cleaning.

It comes with a securely fitted rain hat that provides protection from the elements and prevents birds fowling feed.

Part no.	Description
47HABC0004C	3kg Ascot Feeder outdoor complete

Recycled Ascot feeder | 3 kg

The Ascot feeder is the perfect small feeder. Manufactured from 100% recycled material. It is incredibly robust and features a simple twist and lock design allowing for easy filling and cleaning.

It comes with a securely fitted rain hat that provides protection from the elements and prevents birds fowling feed.

Part no.	Description
47HABC0004R	3kg Ascot Feeder outdoor complete recycled

Blenheim feeder | 6 kg

Durable mid sized feeder ideally suited for the domestic and smallholder markets. Suitable for most breeds of poultry as well as some smaller breeds of waterfowl.

Comes with a rain hat that slots over the top of the feeder tube, providing protection from the elements and preventing birds from fowling the feed.

Part no.	Description
38505400006	Plastic poultry feeder Blenheim Green 6kg

Blenheim recycled feeder | 6 kg

Durable mid sized feeder ideally suited for the domestic and smallholder markets. Suitable for most breeds of poultry as well as some smaller breeds of waterfowl.

Manufactured from 100% recycled material, this feed also comes with a rain hat that slots over the top of the feeder tube, providing protection from the elements and preventing birds from fowling the feed.

Part no.	Description
47HABC0005CR	Recycled plastic poultry feeder Blenheim Green 6kg

Poultry SMART feeder | 10 kg

This feeder can be easily mounted on wall. It has a feeding capacity of 10kg. It's rain cover prevents the feed from bad weather and also serves as a pest control.

Filling and cleaning can be conveniently done from the outside of the chicken coop.

Part no.	Description
38505200	Plastic poultry feeder SMART 10 kg

Recycled combo drinkers

High-quality, gravity-fed drinkers for ground or hanging use, suitable for most poultry and game birds.

Made from 100% recycled material, each size features a strong ergonomic handle that also acts as a hanger. The 7L and 12L models include four push-fit legs to raise the drinker 55mm above the ground, helping reduce water contamination.

Part no.	Description
47HCBC254CR	3L Recycled combo drinker
47HCBC256RGRN	7L Recycled combo drinker
47HCBC255RGRN	12L Recycled combo drinker

Recycled combo drinker with cover | 7 L

High-quality 7L drinker supplied with a protective cover to help prevent contamination from debris and wild birds, while keeping water cooler and fresher for longer.

Features a heavy-duty ergonomic handle that doubles as a hanger (when used without the cover), push-fit legs that raise the reservoir 55 mm off the ground, and a simple twist-lock base for easy filling and cleaning. Suitable for poultry and game birds.

Automatic door opener for Chick'A coops

This automatic door opener operates either on a timer or with a light sensor. You can opt for default mode which uses a light sensor to detect ambient light level or you can program opening and closing using the timer.

The door must be installed vertically and operates via 2 x AA alkaline batteries or a 5V DC adaptor (not included).

- Battery economy mode: screen goes off after 120 seconds
- Ideal for smaller standard size hens
- Waterproof and reliable even in extreme weather conditions
- Solar operation possible

Part no.	Description
